

A wonderful 'Crown Green Break'

There is a new jewel in crown green bowls with the launch of a spectacular 32 x 36 metres all weather green, set to attract thousands of bowlers who want to play the sport they love while enjoying the superb facilities of an outstanding 185 room hotel.

Warner Leisure Hotels status as innovative leaders in leisure breaks remains unchallenged after unveiling the green at Bodelwyddan Castle Hotel, North Wales, the first to be built as a facility within a leisure hotel complex.

Set in 200 acres of parkland with breathtaking views and stunning gardens Bodelwyddan Castle Hotel, which obviously hosts the annual Welsh Champion of Champions Events, is 'Exclusively for Adults' and the perfect setting for a fabulous short break. With so much to do and see group organisers can relax in the knowledge that each day will produce something to interest everyone in their party.

Built by Dales, the green stands beside the hotels championship standard 4 indoor flat green bowls centre and will share the facilities already in place. "The green is going to be a huge attraction for bowlers and it also offers a fantastic venue for new and some existing competitions" said John Crowther, BCGBA Chief Executive. "Detail given in the preparation will result in a first-class playing surface and there is ample space for spectator seating. With the continuing cost of green maintenance all-weather surfaces shows impressive forward thinking."

Terry Sterling general manager of the hotel was equally enthusiastic about his £145,000 investment. "Since the green opened in the Spring we have been very encouraged by the level of interest shown by our customers who are crown green bowlers" he said "It opens a new market for us with the

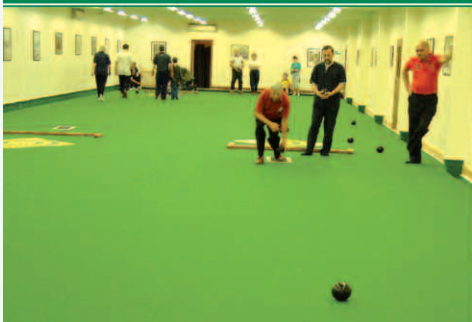

majority of crown green bowls being played within our catchment area." With a stunning new green and a backdrop of views over the Welsh hills hotel guests can enjoy casual bowling on all other breaks with informal matches and coaching organised by bowls manager Phil Jones and experienced team.

Bodelwyddan Castle Hotel has excellent accommodation, wonderful food and top class cabaret entertainment each evening plus a varied choice of day time activities including dance instruction, quizzes, archery, garden tours and informal bird watching walks when you are not bowling.

Special rates and benefits are available for groups of 10 or more. For details contact Warner Leisure Hotels dedicated group sales team on freephone 0800 072 0772
